

## Caught in the Act!

Tuesday July 08, 2008

• Meanwhile, in Malibu, **Brody Jenner** and wingman **Frankie Delgado** wasted no time after arriving in a chauffeured black Escalade at the Boost Mobile/Oronoco Fourth of July bash at Project Beach House. The pals headed right to the bar, helped themselves to drinks and met up with **Kristin Cavallari**, who started fake-fighting with Jenner (he hit her with his T-shirt and she playfully kicked him) before giving him a hug hello. Among the crowd of 500, **Nicky Hilton** and beau **David Katzenberg** greeted fellow party-goers, but narrowly missed Hilton's ex **Kevin Connolly**, who arrived just after the couple left. *Phew!* Guests munched on burgers, French fries and Crumbs cupcakes decorated with American flags and mingled until the bash ended with a massive fireworks display at 10 p.m.
